Independent Auditor's Report

Board of Directors
Town of Wisner
Wisner, Louisiana

I have audited the accompanying general purpose financial statements of the Town of Wisner, Louisiana, as of and for the year ended June 30, 2000, as listed in the table of contents. These general purpose financial statements are the responsibility of the Town of Wisner's management. My responsibility is to express an opinion on these general purpose financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

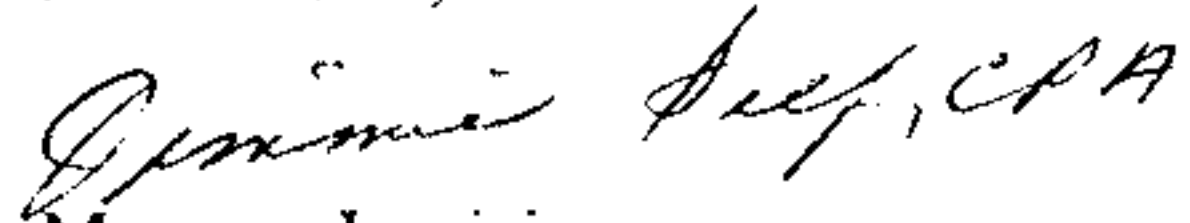

In my opinion, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Wisner, Louisiana, as of June 30, 2000, and the results of its operations and the cash flow of its proprietary fund types for the year then ended in conformity with generally accepted accounting principles.

In accordance with *Government Auditing Standards*, I have also issued my report dated December 15, 2000, on my consideration of the Town of Wisner's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grants.

My audit was performed for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The supplemental statements and schedules listed in the table of contents are presented for the purpose of additional analysis and are not a required part of the general purpose financial statements of the Town of Wisner. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the general purpose financial

statements of the Town of Wisner. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in my opinion, is fairly stated, in all material respects, in relation to the general purpose financial statements taken as a whole.

TOWN OF WISNER
Notes To The Financial Statements
As Of And For The Year Ended June 30,2000

Note 1 – Summary of Significant Accounting Policies

The Town of Wisner, Louisiana, was incorporated in 1932, under the provisions of The Home Rule Charter as provided by State Law Reference L.R.S. 33:1381 - 1390. A copy of the ratified charter is recorded at the Franklin Parish Courthouse, Franklin Parish, Louisiana. The Mayor is the executive officer of the Town, while the Council members are the governing authority of the Town for the purpose of legislation and policy making. The five Council members receive no compensation. The Town provides the following services to its 1,152 residents: public safety (police); highways and streets; gas water, sewer, and sanitation facilities through the utility fund; culture/recreation and general administrative services.

The accounting and reporting policies of the municipality conform to generally accepted accounting principles as applicable to governments. Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statutes 24:517 and to the industry audit guide, Audits of State and Local Governmental Units.

A. Basis of Presentation

The accompanying financial statements of the Town of Wisner have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The governmental Accounting Standards Board (GASB) is the accepted standard - setting body for establishing governmental accounting and financial reporting principles.

B. Reporting Entity

As the municipal governing authority, for reporting purposes, the Town of Wisner, Louisiana is considered a separate financial entity. The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board (GASB) Statement No. 14 established criteria for determining which component units should be considered part of the Town of Wisner, Louisiana for the financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the municipality to impose its will on that organization and /or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the municipality.

TOWN OF WISNER
Notes To The Financial Statements
As Of And For The Year Ended June 30, 2000

2. Organizations for which the municipality does not appoint a voting Majority but are fiscally dependent on the municipality.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

As required by generally accepted accounting principles, these financial statements present the Town of Wisner, Louisiana.

C. Fund Accounting

The Town of Wisner uses funds and accounting groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities.

A fund is a separate accounting entity with a self - balancing set of accounts. On the other hand, an account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable financial resources.

Funds of the Town of Wisner are classified into two categories governmental and proprietary. Each category, in turn, is divided into separate fund types. The fund classifications and a description of each existing fund type follow:

Governmental Funds

Governmental funds account for all or most of the Town of Wisner's general activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of general fixed assets, and the servicing of general long - term debt. Governmental funds include:

General Fund - the general operating fund of the Town of Wisner and accounts for all financial resources, except those required to be accounted for in other funds.

Special Revenue Funds - account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Debt Service Funds - account for transactions relating to resources retained and used for the payment of principal and interest on those long - term obligations recorded in the general long - term obligations account group.

Proprietary Funds

Proprietary funds account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Proprietary

TOWN OF WISNER
Notes To The Financial Statements
As Of And For The Year Ended June 30, 2000

funds differ from governmental funds in that their focus is on income measurement, which, together with the maintenance of equity, is an important financial indicator. Proprietary funds include:

Enterprise Fund - accounts for operations (a) where the intent of the governing body is that costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user fees; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

D. Basis of Accounting

Modified Accrual Basis of Accounting

The Town uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both "measurable and available." Measurable means the amount can be determined. Available means collectable within the current period or soon enough thereafter to pay current liabilities. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred.

Major revenue sources susceptible to accrual include: sales and use tax, property taxes, franchise fees, special assessments, intergovernmental revenues and investment income more specifically.

Revenues

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied by the Town in September or October and are actually billed on October 1, and are mailed to the taxpayers in November. Billed taxes become delinquent on January 1 of the following year. Revenues from ad valorem taxes are budgeted and the year billed. Sales taxes collected are also on the accrual basis.

The Town bills and collects its own property taxes using the assessed value determined by the tax assessor of Franklin Parish.

The year ended June 30, 2000, taxes of 5.60 mills were levied on property with assessed valuations totaling 2,542,617 and were deducted as follows:

General corporate purposes 5.60 mills

Property tax revenues are recognized when they become available. Available includes those property tax receivable elected to be collected within sixty days after year end. Delinquent taxes are considered fully collectible and therefore an allowance for uncollectible taxes is provided.

Fines, bond forfeiture, and fees are recognized when collected by the Town. Interest income is recorded when the Bank credits it to the accounts.

TOWN OF WISNER
Notes To The Financial Statements
As Of And For The Year Ended June 30,2000

Expenditures

Salaries are recorded as expenditures when earned by employees.

Purchases of various operating supplies, etc. are recorded as expenditures when the related fund liability is incurred.

Principal and interest on general long - term debt and installment purchase payments are recognized when due.

Proprietary Fund Types

Proprietary funds use the economic resources measurement focus. The accounting objectives are determination of net income, financial position, and cash flows. All assets and liabilities associated with a proprietary fund's activities are included on its balance sheet. Proprietary fund equity is segregated into contributed capital and retained earnings.

Accrual Basis of Accounting

The accrual basis of accounting is used in proprietary fund types. The accrual basis of accounting recognizes revenues when earned. Expenses are recorded when incurred.

E. Budgets

The Town of Wisner (Mayor and Council) uses the following budget practices:

- (1) Prior to June 30, the town Clerk submits to the Mayor and Council Members a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them for the upcoming year. The budget is submitted in summary form. In addition, more detailed line item budgets are included for administrative control. The level of control for the detailed budgets is at the department head/function level.
- (2) Public hearings are conducted to obtain taxpayer comment.
- (3) During the month of July the budget is legally enacted through passage of an ordinance.
- (4) Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds.
- (5) Budgets for the General, and Special Revenue Funds are adopted on the GAAP basis.
- (6) Appropriations lapse at the end of each fiscal year.
- (7) The Mayor and Council Members authorize supplemental appropriations during the year. Supplemental appropriations were made during the fiscal year.

TOWN OF WISNER
Notes To The Financial Statements
As Of And For The Year Ended June 30,2000

F. Encumbrances

Encumbrance accounting is not used.

G. Cash and Cash Equivalents

Cash includes amounts in demand deposits, interest - bearing demand deposits, and money market accounts. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the Town of Wisner may deposit funds in demand deposits, interest - bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Under state law, the Town of Wisner may invest in United States bonds, treasury notes, or certificates. These are classified as investments if their original maturities exceed 90 days however, if the original maturities are 90 days or less, they are classified as cash equivalents. Investments are stated at cost.

H. Restricted Assets

Certain proceeds of enterprise fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants

I. Fixed Assets

Fixed Assets of governmental funds are recorded as expenditures at the time they are purchased or constructed, and the related assets are capitalized (reported) in the general fixed assets account group. Public domain or infrastructures are not capitalized. All fixed assets are valued at cost.

Fixed assets used in the proprietary fund operations are included on the balance sheet of the funds net of accumulated depreciation. Depreciation of all exhaustible fixed assets used by proprietary fund operations is charged as an expense against operations. No depreciation has been provided for general fixed assets. Depreciation is computed using the straight - line method, and the following estimated useful lives:

Water Utility

Wells	20 years
Storage tanks	40 years
Purification plant	33 years
Lines and meters	40 years

Sewerage Utility

Pump stations	40 years
Lines	40 years
Autos and trucks	5 years
Other equipment	10 years

TOWN OF WISNER
Notes To The Financial Statements
As Of And For The Year Ended June 30, 2000

J. Long - Term Obligations

Long - term obligations expected to be financed from governmental funds are reported in the general long - term obligations account group. Expenditures for principal and interest payments for long - term obligations are recognized in the governmental funds when due. Long - term obligations expected to be financed from proprietary fund operations are accounted for in those funds.

K. Compensated Absences

Town employees are entitled to ten days of compensated absences. However, compensated absences do not vest or accumulate and are recorded as expenditures when they are paid.

L. Fund Equity

Contributed Capital

Contributed capital is recorded in the Enterprise Fund for capital grants restricted for the acquisition or construction of capital assets. Contributed capital is not amortized based on the depreciation on that portion of the assets acquired or constructed from such resources.

Reserves

Reserves represent those portions of fund equity not appropriable for expenditures or legally segregated for a specific future use.

Designated Fund Balances

Designated fund balances represent tentative plans for future use of financial resources.

M. Interfund Transactions

Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that was reimbursed.

In the fiscal year 2000, the water works fund transferred 161,354.72 to the General Fund in order for them to pay for the fire truck, thus leaving a deficit in the retained earnings balance of the Water Works Fund. When the certificate of Indebtedness was completed, the funds were deposited in the general fund LAMP account to replace the funds, which were transferred from the water works fund.

N. Total Columns on Combined Statements

Total columns on the combined statements are captioned Memorandum Only to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, result of operations, or changes in financial position in conformity with generally accepted

TOWN OF WISNER
Notes To The Financial Statements
As Of And For The Year Ended June 30,2000

accounting principals. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

O. Operating Transfers

Funds from cash accounts were used for street repairs, etc.

Funds / Accounts	To	From
General Fund	233,139	
Water Works Fund		161,355
Sales Tax Fund		71784
Totals	233,139	233,139

NOTE 2 - CASH AND CASH EQUIVALENTS

Cash includes amounts in demand deposits, interest - bearing demand deposits and money market accounts. Under state law, the Town may deposit funds in demand deposits, interest - bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks, having principal offices in Louisiana.

At June 30, 2000, the Town had cash totaling 676,217, as follows:

Petty Cash	131
Demand Deposits	85,849
Restricted Assets (Cash)	606,551
Total	692,531

These deposits are stated at cost, which approximates market. Under state law, these deposits, or the resulting bank balances, must be secured by federal deposit insurance or the pledge of securities owned by the bank. The market value of the pledged securities plus the federal deposit insurance or the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the bank. These securities are held in the name of the pledged bank in a holding or custodial bank that is mutually acceptable to both parties. Cash and cash equivalents (bank balances) at June 30, 2000, are secured as follows:

Bank Balances	364,835
Federal Deposit Insurance	100,000
Pledge Securities	509,7035
Total	154,869

- Cash Management Accounts – 332,837
- Collateralized by various US Govt. securities

Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 impose a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified that the fiscal agent has failed to pay deposited funds upon demand.

NOTE 7 - RESTRICTION ON USE OF UTILITIES REVENUES

Funds provided by utilities revenue is to be used in the following manner before they are available for other lawful purpose:

1. Operating expense of utility system
2. Revenue bond debt service funds
3. Revenue bonds reserve funds
4. Revenue bond depreciation and contingencies funds

NOTE 8 - PENSION PLANS

Municipal Employees' Retirement System

Substantially all employees of the Town of Wisner are members of the following statewide retirement systems: Municipal Employees Retirement System of Louisiana, and Municipal Police Employees Retirement System of Louisiana. These systems are multiple-employer (cost-sharing), public employee retirement systems (PERS), controlled and administered by separate boards of trustees. Pertinent information relative to each plan follows:

A. Municipal Employees Retirement System of Louisiana (System)--The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. [All employees of the municipality are members of Plan B.]

All permanent employees working at least 35 hours per week who are not covered by another pension plan and are paid wholly or in part from municipal funds and all elected municipal officials are eligible to participate in the System. Under Plan B, employees who retire at or after age 60 with at least 10 years of creditable service or at or after age 55 with at least 30 years of creditable service are entitled to a retirement benefit, payable monthly for life, equal to 2 percent of their final average monthly salary in excess of \$100 for each year of creditable service. Furthermore, employees with at least 10 years of creditable service, but less than 30 years, may take early retirement benefits commencing at or after age 60, with basic benefit reduced 3 percent for each year retirement precedes age 62, unless he has at least 30 years of creditable service. In any case, monthly retirement benefits paid under Plan B cannot exceed 100 percent of final average salary. Final average salary is the employee's average over 36 consecutive or joined months that produce the highest average. Employees who terminate with at least the amount of creditable service stated above, and do not withdraw their employee contributions, any retire at the ages specified above and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established by the state statute.

The system issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Municipal Employees Retirement System of Louisiana, 7937 Office Park Boulevard, Baton Rouge, Louisiana 70809, or by calling (504) 925-4810.

TOWN OF WISNER
Notes To The Financial Statements
As Of And For The Year Ended June 30, 2000

Funding Policy. [Under Plan A, members are required by state statute to contribute 9.25 percent of their annual covered salary and the Town of Wisner is required to contribute at an actuarially determined rate. The current rate is 6.75 percent of annual payroll.] [Under Plan B, members are required by state to contribute 5.0 percent of their annual covered salary and the Town of Wisner is required to contribute at an actuarially determined rate. The current rate is 3.75 percent of annual covered payroll.] Contributions to the System also include one-fourth of one percent (except Orleans and East Baton Rouge) of the taxes shown to be collectible by the tax rolls of each parish. These tax dollars are divided between Plan A and Plan B based proportionately on the salaries of the active members of each plan. The contribution requirements of plan members and the Town of Wisner are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. [The Town of Wisner contributions to the System under Plan A for the years ending December 31, 1998, 1997, and 1996, were \$0.00, \$0.00, and \$0.00, respectively, equal to the required contributions to the system under Plan B for the years ending December 31, 1999, 1998, and 1997, were \$3,032, \$ 3,094, and \$3,821, respectively, equal to the required contributions for each year.] (If the required contributions and the actual amount contributed do not equal, disclose the required contributions in dollars and the percentage of that amount contributed for the current year and each of the preceding years.)

B. Municipal Police Employees Retirement System of Louisiana (System)

Plan Description. All full-time police department employees engaged in law enforcement are required to participate in the System. Employees who retire at or after age 50 with at least 20 years of creditable service or at or after age 55 with at least 12 years of creditable service are entitled to a retirement benefit, payable monthly for life, equal to 3 1/3 percent of their final average salary for each year of creditable service. Final-average salary is the employee's average salary over 36 consecutive or joined months that produce the highest average. Employees who terminate with at least the amount of creditable service stated above, and do not withdraw their employee contributions, may retire at the ages specified previously and receive the benefit accrued to their date of termination. The system also provides death and disability benefits. Benefits are established by state statute.

The system issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Municipal Police Employees Retirement System of Louisiana, 8401 United Plaza Boulevard, Baton Rouge, Louisiana 70809-2250m or by calling (504) 929-7411.

Funding Policy. Plan members are required by state statute to contribute 7.5 percent of their annual covered salary and the Town of Wisner is required to contribute at an actuarially determined rate. The current rate is 9.0 percent of annual covered payroll. The contribution requirements of plan members and the Town of Wisner are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The Town of Wisner contributions to the System for the years ending December 31, 1999, 1998, and 1997, were \$ 3,305, \$ 3,172, and \$ 3,245, respectively, equal to the required contributions for each year. (If the required contributions and the actual

TOWN OF WISNER
Notes To The Financial Statements
As Of And For The Year Ended June 30,2000

amount contributed do not equal, disclose the required contributions in dollars and the percentage of that amount contributed for the current year and each of the two preceding years.)

NOTE 9 - ACCOUNTS, SALARIES, AND OTHER PAYABLES

Accounts, salaries, and other payables of \$14,377 are as follows:

	General Fund	Proprietary Fund	Total
Withholdings	852	1,534	
Accounts	5,727	6,265	
Total	6,579	7,799	14,378

NOTE 10 - INTERFUND TRANSACTION

During the course of normal operations, the Town has numerous transaction between funds including expenditures and transfers of resources primarily to provide services. The governmental funds financial statements generally reflect such transactions as transfers.

NOTE 11 - CONTINGENCY

The Town of Wisner, Louisiana, received funds from a government grant, which is subject to audit by the federal or state government. The ultimate determination of amounts received under these programs is generally based upon allowable costs reported to and audited by the government. Until such audits have been completed and final settlements reached, there exists a contingency to refund any amount received in excess of allowable costs. Management is of the opinion that no material liability will result from such audits.

NOTE 12 - SUBSEQUENT EVENTS

There were no subsequent events noted which would affect the financial statements.

**Report On Compliance And On Internal Control Over Financial
Reporting Based On An Audit Of Financial Statements Performed
In Accordance With *Government Auditing Standards*.**

Board of Directors
Town of Wisner
Wisner, Louisiana

I have audited the general purpose financial statements of Town of Wisner as of and for the year ended June 30, 2000, and have issued my report thereon dated December 15, 2000. I conducted my audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

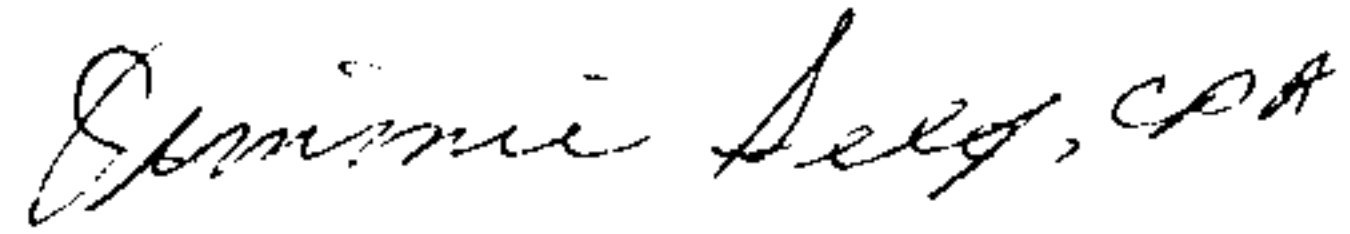

As part of obtaining reasonable assurance about whether Town of Wisner's general purpose financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The result of my tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered Town of Wisner's internal control over financial reporting in order to determine my auditing procedures for the purpose of expressing my opinion on the general purpose financial statements and do not provide assurance on the internal control over financial reporting. My consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving the internal control over financial reporting and its operation that I consider to be material weaknesses.

This report is intended for the information of the management, and federal awarding agencies and pass-through entities. However, this report is a matter of public record and its distribution is not limited.

Report on Compliance With Requirements Applicable To Each Major
Program And Internal Control Over Compliance In Accordance
With OMB Circular A-133

Board of Directors
Town of Wisner
Wisner, Louisiana

Compliance

I have audited the compliance of Town of Wisner with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2000. Town of Wisner's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Town of Wisner's management. My responsibility is to express an opinion on Town of Wisner's compliance based on my audit.

I conducted my audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Town of Wisner's compliance with those requirements and performing such other procedures as I considered necessary in the circumstances. I believe that my audit provides a reasonable basis for my opinion. My audit does not provide a legal determination on Town of Wisner's compliance with those requirements.

In my opinion, Town of Wisner complied, in all respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2000.

Internal Control Over Compliance

The management of Town of Wisner is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing my audit, I considered Town of Wisner's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine my auditing procedures for the purpose of expressing my opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133. My consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one

or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving the internal control over compliance and its operation that I consider to be material weaknesses.

This report is intended for the information of management and the Louisiana Legislative Auditor. However, this report is a matter of public record and its distribution is not limited.

GCL: 51 Communication With Audit Committees

Town of Wisner
Tallulah, Louisiana

I have audited the financial statements of Town of Wisner for the year ended June 30 2000 and have issued my report thereon dated December 15 2000. Professional standards require that I provide you with the following information related to my audit.

My Responsibility under Generally Accepted Auditing Standards

As stated in my engagement letter dated June 30, 2000 my responsibility, as described by professional standards is to plan and perform my audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement and are fairly presented in accordance with generally accepted accounting principals. Because of the concept of reasonable assurance and because I did not perform a detailed examination of all transactions, there is a risk that material errors, fraud, or other illegal acts may exist and not be detected by me.

As part of my audit, I considered the internal control of Town of Wisner. Such considerations were solely for the purpose of determining my audit procedures and not to provide any assurance concerning such internal control.

The audit was performed in accordance with OMB Circular A-133, replace this section with the following:

Our Responsibility under Generally Accepted Auditing Standards and OMB Circular A-133

As stated in my engagement letter dated June 30 2000 my responsibility, as described by professional standards, is to plan and perform my audit to obtain reasonable, but not absolute, assurance about whether the general purpose financial statements are free of material misstatement. Because of the concept of reasonable assurance and because I did not perform a detailed examination of all transactions, there is a risk that material errors, fraud, or other illegal acts may exist and not be detected by me.

In planning and performing my audit, I considered Town of Wisner's internal control over financial reporting in order to determine my auditing procedures for the purpose of expressing my opinion on the financial reporting. I also considered internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine my auditing procedures for the purpose of expressing my opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

As part of obtaining reasonable assurance about whether Town of Wisner's financial statement's are free of material misstatement, tests of compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit. Also, in accordance with OMB Circular A-133, I examined, on a test basis, evidence about Town of Wisner's compliance with the types of compliance requirements

described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* applicable to each of its major federal programs for the purpose of expressing an opinion on Town of Wisner's compliance with those requirements. While my audit provides a reasonable basis for my opinion, it does not provide a legal determination on Town of Wisner's compliance with those requirements.

Jamie Alf, CPA
